Re: 129-16765
Second Administrative Amendment to
FESOP 129-13970-00021

Dear Mr. Walker:

Mead Johnson and Company was issued a FESOP on February 20, 2002, for a stationary pharmaceutical packaging and research and development source. A letter requesting a minor description change was received on November 13, 2002.

According to 326 IAC 2-8-10(a)(6), an administrative amendment can be used for a permit change that "revises descriptive information where the revision will not trigger a new applicable requirement or violate a permit term". The requested change meets this requirement, therefore, pursuant to the provisions of 326 IAC 2-8-10 the permit is hereby administratively amended as follows (~~strikeout~~ to show deletions and **bold** to show additions):

(1) Section A.3 is amended as follows:

- (1) The following VOC storage containers:
 - (a) One (1) 1,130 gallon aboveground storage tank containing gasoline.
 -
 - (e) One (1) 650 gallon ~~under~~ **above**ground storage tank containing diesel fuel.

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Madhurima Moulik, at (800) 451-6027, press 0 and ask for Madhurima Moulik or extension 3-0868, or dial (317) 233-0868.

Sincerely,
